Subject: RE: Shaun's request for a Dewey Site Visit

Thanks so much for getting back to me so quickly. I've passed the information on to Betsy for Shaun's calendar and travel arrangements.

Thanks!
D

Subject: FW: Shaun's request for a Dewey Site Visit

I spoke with John Mays. He committed himself and Mark Hollenbeck, Powertech's Dewey Burdock Project Manager, to leading a tour/field trip for Shaun at the date and time noted below.

Since John is attending a Powertech Board meeting tonight to report on this project, he asked me for any updates I could provide him on our permitting efforts. I told him we had none but thanked him for his prompt reply.

We will extend an invitation to the appropriate DENR folks in the near future to attend.

Douglas

Subject: Shaun's request for a Dewey Site Visit

Sadie and Douglas,
Shaun would like to include a visit to the Dewey site during his midyear trip to South Dakota. He's got a pretty tight schedule – he'd need to be at the site the afternoon of Thursday, June 11th, preferably in the 2-4 pm time frame. Please reach out to both Powertech and the state about this potential visit – see if the date works for the company, and whether the state would like to join us on the visit. I'd also like to have a rep from the UIC program join the site visit. Please let me know as soon as you can whether we think we can make the trip work so we can get the dates blocked on Shaun's calendar and the details/travel finalized.

Let me know if you have any questions, and thanks for your help!
D
